Mr. David Chick
Senior Vice President
Domicile Developments
131 Holland Avenue
Ottawa, Ontario
K1Y 3A2

Dear Mr. Chick,

The Ottawa Council on Smoking and Health is delighted to see that Domicile is building two condominiums that will be 100% smoke-free. Congratulations to you and everyone at Domicile who had a hand in this important decision. People in Ottawa who are in the condo market now have a couple of smoke-free choices—this is an absolute precedent for the City and a move that we hope will fuel further demand.

Your buildings, One3One and hōm, are examples that development can take note of healthy preferences of our community and respond with top quality, desirable offerings. You are indeed a trailblazer and an example for the community.

Our Council is a volunteer organization established in 1978. Among our aims, we work to create a social environment where non-smoking is the norm and assist in establishing smoke-free environments.

Once again we wish to salute you for building smoke-free and wish you further successes with healthy development.

Yours truly,

Suzanne Friedlaender
President
